

STATEMENT OF SUBSTANCE OF INTERVIEW

Applicant appreciates the Examiner's participation in a telephonic conference on January 16, 2008. Applicant wishes to thank Examiner Lemma for his time and consideration.

During the interview, the claimed subject matter of the application and the Alkove reference were discussed. In particular, Applicant presented arguments along the lines of those set forth below in the section entitled "Claim rejections 35 U.S.C. §102". Specifically, Applicant presented arguments as to how the subject matter in the reference fails to describe, show, or teach a still image.

Also discussed during the interview were proposed amendments to the claims. In the interest of expediting prosecution of the application, and without conceding the propriety of the rejection, Applicant proposes to amend the independent claims to further clarify features of Applicant's claimed subject matter.

Applicant understands that the Examiner tentatively agrees that the proposed amendments overcome the outstanding rejections based on Alkove and that he would update his search. Accordingly, Applicant amends the independent claims herein as discussed during the interview. Applicant submits that all of the pending claims are in condition for allowance.
